Native Mobile Applications

Employees can punch in/out and perform kiosk functions through Android or Apple smartphones and tablets.

Web Browser

NOVAtime 5000 can be accessed through the use of a PC with a standard web browser and internet connectivity. No software is required to be installed on the workstation, other than the web browser, i.e. Internet Explorer, Mozilla Firefox, Google Chrome, and Safari. This significantly reduces implementation costs and the total, overall cost of ownership. Self-service functionality is provided as a standard feature of the system, and these functions can be easily enabled and disabled.
